Venue Shanghai New International Expo Centre (SNIEC)
[2345 Longyang Road, Pudong New Area, Shanghai, P. R. China]

Co-Located Show

SHOW INFORMATION

Since its inception in 1983, SFCHINA (The China International Exhibition for Surface Finishing & Coating Products) has been providing an international trading platform for suppliers and manufacturers of the surface finishing industry to connect with global trade visitors, particularly from China and Asia. The show is held annually and alternates its venue between the cities of Guangzhou and Shanghai, P. R. China. The scale of our last 2017 Shanghai edition recorded encouraging results, with a total of 11,097 trade visitors from 38 countries/regions, 338 exhibitors from 20 countries/regions and a gross exhibition area of over 17,000 square meters.

The 32nd edition of SFCHINA will be staged again at Shanghai New International Expo Centre (SNIEC). Trade visitors will gather over a period of 3 days, allowing exhibitors to interact directly with current and potential customers to pursue sales and marketing objectives. SFCHINA also offers exhibitors opportunity to keep abreast of new products and trends, and to find out what competitors are offering in order to formulate growth strategy for your business.

SFCHINA comprises three exhibit zones to meet different needs of the industry, i.e., 'Electroplating & Finishing Technology', 'Environmental, Safety & Protection' and 'Coating Applications & Coating Products'.

SFCHINA2019 always serves an express gateway to reach China, Asia surface finishing markets. More exhibiting information will be available on our official website www.sfchina.net. Follow us now.
